BEFORE THE TENNESSEE REGULATORY AUTHORITY Nashville, Tennessee

In re:

Approval of the Amendments to the Interconnection Agreement Negotiated by BellSouth Telecommunications, Inc. and ACCESS Integrated Networks, Inc. Pursuant to Sections 251 and 252 of the Telecommunications Act of 1996

Docket No. 01-00929

PETITION FOR APPROVAL OF THE AMENDMENTS TO THE INTERCONNECTION AGREEMENT NEGOTIATED BETWEEN BELLSOUTH TELECOMMUNICATIONS, INC. AND ACCESS INTEGRATED NETWORKS, INC. PURSUANT TO THE TELECOMMUNICATIONS ACT OF 1996

COME NOW, ACCESS Integrated Networks, Inc. ("ACCESS Integrated") and BellSouth Telecommunications, Inc., ("BellSouth"), and file this request for approval of the Amendments to the Interconnection Agreement dated February 17, 2000 (the "Amendment") negotiated between the two companies pursuant to Sections 251 and 252 of the Telecommunications Act of 1996, (the "Act"). In support of their request, ACCESS Integrated and BellSouth state the following:

- 1. ACCESS Integrated and BellSouth have successfully negotiated an agreement for interconnection of their networks, the unbundling of specific network elements offered by BellSouth and the resale of BellSouth's telecommunications services to ACCESS Integrated. The Interconnection Agreement was approved by the Tennessee Regulatory Authority ("TRA") on August 15, 2000.
- 2. The parties have recently negotiated Amendments to the Agreement. The first Amendment replaces Port and Loop/Port Combination sections of Attachment 2, Exhibit C, Rates to incorporate rates for Vertical Features. The second Amendment adds provisions and rates for Unbundled Remote Call Forwarding. A copy of the Amendments is attached hereto and incorporated herein by reference.

- 3. Pursuant to Section 252(e) of the Telecommunications Act of 1996, ACCESS Integrated and BellSouth are submitting their Amendments to the TRA for consideration and approval. The Amendments provide that either or both of the parties are authorized to submit the Amendments to the TRA for approval.
- 4. In accordance with Section 252(e) of the Act, the TRA is charged with approving or rejecting the negotiated Amendments between BellSouth and ACCESS Integrated within 90 days of its submission. The Act provides that the TRA may only reject such an agreement if it finds that the agreement or any portion of the agreement discriminates against a telecommunications carrier not a party to the agreement or the implementation of the agreement or any portion of the agreement with the public interest, convenience and necessity.
- 5. ACCESS Integrated and BellSouth aver that the Amendments are consistent with the standards for approval.
- 6. Pursuant to Section 252(i) of the Act, BellSouth shall make the Agreement available upon the same terms and conditions contained therein.

ACCESS Integrated and BellSouth respectfully request that the TRA approve the Amendments negotiated between the parties.

This 30 day of 2002.

Respectfully submitted,

BELLSOUTH TELECOMMUNICATIONS, INC.

4.1.6.4 Remote Call Forwarding

- 4.1.6.5 As an option, BellSouth shall make available to Access Integrated an unbundled port with Remote Call Forwarding capability ("URCF service"). URCF service combines the functionality of unbundled local switching, tandem switching and common transport to forward calls from the URCF service telephone number (the number dialed by the calling party) to another telephone number selected by the URCF service subscriber. When ordering URCF service, Access Integrated will ensure that the following conditions are satisfied:
- 4.1.6.6 That the end user of the forward-to number (service) agrees to receive calls forwarded using the URCF service (if such end user is different from the URCF service end user);
- 4.1.6.7 That the forward-to number (service) is equipped with sufficient capacity to receive the volume of calls that will be generated from the URCF service;
- 4.1.6.8 That the URCF service will not be utilized to forward calls to another URCF or similar service; and
- 4.1.6.9 That the forward-to number (service) is not a public safety number (e.g. 911, fire or police number).
- 4.1.6.10 In addition to the charge for the URCF service port, BellSouth shall charge Access Integrated the rates set forth in Exhibit B for unbundled local switching, tandem switching, and common transport, including all associated usage, incurred for calls from the URCF service telephone number (the number dialed by the calling party) to the forward- to number (service).
